

Tax Rate Information
 Truth in Taxation Summary
 Texas Property Tax Code Section 26.16
 City of Groves, Texas

This table of tax rate information is provided as a service to the residents of the City. Each individual taxing unit is responsible for calculating the property tax rates listed in this table pertaining to that taxing unit and providing that information to the county.

The maintenance and operations rate is the component of the adopted tax rate of a taxing unit that will impose the amount of taxes needed to fund maintenance and operation expenditures of the unit for the following year.

The debt rate is the component of the adopted tax rate of a taxing unit that will impose the amount of taxes needed to fund the unit's debt service for the following year.

The effective tax rate is the tax rate that would generate the same amount of revenue in the current tax year as was generated by a taxing unit's adopted tax rate in the preceding tax year from property that is taxable in both the current tax year and the preceding tax year.

The effective maintenance and operations rate is the tax rate that would generate the same amount of revenue for maintenance and operations in the current tax year as was generated by a taxing unit's maintenance and operations rate in the preceding tax year from property that is taxable in both the current tax year and the preceding tax year.

The rollback tax rate is the highest tax rate a taxing unit may adopt before requiring voter approval at an election. In the case of a taxing unit other than a school district, the voters by petition may require that a rollback election be held if the unit adopts a tax rate in excess of the unit's rollback tax rate. In the case of a school district, an election will automatically be held if the district wishes to adopt a tax rate in excess of the district's rollback tax rate.

Tax Year	Adopted Tax Rate	Adopted M&O Operating Rate (General Fund)	Adopted Debt Rate (Debt Service)	Effective Tax Rate	Effective Operating Rate (M&O)
2003-2004	0.77250	0.71750	0.05500	0.75000	0.69500
